Education

Lovely Professional University

Bachelor of Technology; CGPA: 7.25

Punjab, India

August 2022 – May 2025

Lovely Professional University

Diploma in Computer Science & Engineering; CGPA: 8.14

Punjab, India

August 2019 – May 2022

Skills Summary

- **Languages:** Python, JavaScript, SQL, Bash, HTML, CSS
- **Technologies & Frameworks:** Git, GitHub, Linux, Networking, MongoDB, MySQL, Azure, AWS, React, Node.js, Express.js, Automation Anywhere, Blue Prism
- **Core Skills:** Data Structures & Algorithms, Problem-Solving, Responsive Web Design, Scripting in Python

Work Experience

Summer Intern, GeeksforGeeks

May 2024 – July 2024

- Completed intensive training in Data Structures and Algorithms (DSA), enhancing problem-solving and algorithmic thinking.
- Solved hands-on coding challenges focusing on optimization and efficiency.
- Successfully implemented the N-Queen Problem using backtracking and recursive algorithms.
- Gained practical experience in coding, debugging, and algorithm design in a professional environment.

Projects

Food Delivery Web Application

July 2024 – August 2024

PHP, HTML, CSS, JavaScript, MySQL

GitHub Repository

- Developed a responsive full-stack online food ordering platform with user authentication and session management.
- Implemented dynamic shopping cart, real-time order tracking, payment gateway integration, and CRUD operations.
- Designed mobile-responsive UI with cross-browser compatibility, form validation, and secure data handling.

Cloud Lab

May 2025 – June 2025

MERN, HTML, CSS, TypeScript, Tailwind CSS

- Developed a full-stack cloud lab management platform enabling users to create, manage, and connect to virtual machines through a web-based interface.
- Implemented secure user authentication system with protected routes and session management, allowing personalized access to VM resources.
- Built dynamic VM lifecycle management features including real-time status tracking (running/stopped/loading), resource allocation configuration (CPU, RAM, storage), and multi-OS support (Ubuntu, Windows, CentOS, Fedora).

Certificates

Microsoft Azure Security Engineer Associate (AZ-500)

Apr 2025

Microsoft – View Certificate

MySQL Implementation Certified Associate

June 2025

Oracle – View Certificate

Automation Anywhere Certified Essentials RPA Professional

Dec 2025

Automation Anywhere – View Certificate
